

Kerolos Bassem Fekry

Frontend Engineer

Cairo, Egypt | +201205725854 | Kerolosbassem3@gmail.com | linkedin.com/in/Kerolos-Bassem | github.com/kerolosbassem1

SUMMARY

Frontend Engineer with hands-on experience building scalable, responsive, and user-focused web applications using React.js, Next.js, TypeScript, JavaScript, Vue.js, HTML5, CSS3, and Bootstrap. Experienced in developing dashboards, reusable UI components, integrating REST APIs, improving performance, and collaborating with cross-functional teams in Agile environments. Strong foundation in clean code, responsive UI/UX, Git workflows, debugging, and AI-assisted development tools, with a focus on delivering reliable production-ready frontend solutions.

EDUCATION

Bachelor of Computer Science, Thebes Academy - Cairo, Egypt

EXPERIENCE

Frontend Engineer | Cepro AI - Riyadh | Feb 2026 - Present

- Develop and maintain scalable web applications using React.js, Next.js, Vue.js, and TypeScript.
- Build reusable Vue.js components across multiple dashboards to improve maintainability.
- Integrate frontend components with backend APIs and collaborate with cross-functional teams.
- Use Git and AI-assisted development tools for debugging, refactoring, documentation, and faster delivery.

Problem-Solving Instructor | Coach Academy - Cairo | Jul 2022 - Aug 2022

- Supported students with problem-solving fundamentals and programming practice.

Frontend Developer Intern | Masa Company - Cairo | Jan 2022 - Apr 2022

- Developed interactive UI components using HTML5, CSS3, JavaScript, and Bootstrap.
- Implemented a calculator project to strengthen JavaScript logic and DOM manipulation skills.

Flutter Developer Intern | Masa Company - Cairo | Jan 2022 - Apr 2022

- Integrated REST APIs and implemented state management solutions for scalable mobile experiences.

PROJECTS

Executive Monitoring Dashboard | Cepro AI

- Developed responsive dashboards using Vue.js and Tailwind CSS with advanced data visualization.
- Improved UI/UX, integrated backend APIs, and increased UI consistency with reusable components.

Dark Web Monitoring Platform | Cepro AI

- Rebuilt the dark web page from scratch and integrated it with backend services.
- Added new client pages and enhanced frontend performance.

Client & Partner Dashboard System | Cepro AI

- Developed dashboards and search features.
- Enhanced reporting and take-down status functionality.
